Relax, we'll help you.

Creating a cosy home requires time and knowing that an accident could ruin it in a heartbeat, is not a pleasant thought. Insuring your home at If gives you a feeling of security, because in the event of an accident, the damages are compensated and you can overcome the consequences more easily.

You are looking at the summary of If's home insurance conditions. This document is not part of the contract. Therefore, we suggest you take time when concluding your contract and be sure to read the terms and conditions, which explain in detail what is insured and in which cases the insurance applies.

When insuring your home at If, you have four different packages to choose from.

## **ALLRISK PACKAGE AND CLASSIC PACKAGE**

If you wish a cover for you home and the things you have there that is as broad as possible, we recommend insuring your home according **to the allrisk insurance principle**. This means that all sudden and unforeseeable damages that are not excluded with the conditions, are insured.

Therefore, the best solution for insuring your home would be the Allrisk Package or the Classic Package, which has a slightly smaller cover. While for **other packages the indemnifiable damages are agreed on**, then in the case of Allrisk and Classic Packages, the damages that are not indemnifiable are agreed on. A detailed overview of the insurance covers is available in the table on page 5.

Please be sure to read about the exclusions!

## **STANDARD PACKAGE**

The Standard Package insures your home against the most common damages. The Standard Package is not an allrisk insurance, we indemnify only the losses listed in the terms and conditions. In addition to the regular damages, It also indemnifies damages arising from deficient construction work. And if you lose your keys, you will be able to buy a new lock without the deductible. The insurance also covers cash that you keep at home.

## **MINI PACKAGE**

The Mini Package gives your home a cover only for damages caused by fire, strong wind or hail. This is a package that is suitable for insuring a shed or garden house. The Mini Package is not suitable for insuring a building that is used as a security for a loan, because it does not contain all the risks that the banks require.

## IF YOU WISH TO INSURE THINGS THAT ARE IN YOUR HOME

It is reasonable to insure objects that you have in your home in addition to insuring the home. The property at home insurance covers, for example, furniture, clothes, home appliances and light fixtures. The property you have at home is insured if there is a respective indication on the policy.

If you have chosen the Allrisk or Classic Package and you live in a **private residence**, then the objects located in a side building, balcony or terrace are insured to the extent of up to 10% of the sum insured of the property at home.

If you insure objects in your **apartment**, the insurance is valid for objects on the balcony and storage room inside the building.

Depending on the package, the insurance covers also items that you take with you (e.g. photo camera, bicycle) within the borders of Estonia or the entire European Union, Iceland, Liechtenstein, Norway and Switzerland.

### THE FOLLOWING CANNOT BE INSURED:

- motor vehicles subject to registration
- smart watches, tablets, mobile phones, including smart phones (except in Allrisk Package)
- securities, documents, drawings
- databases, computer software, licenses
- house plants, animals, birds, fish
- items the owning of which is illegal
- explosives.

## LIABILITY INSURANCE

The liability insurance protects you against damages that you have caused to others as the owner of an apartment or house. For example if a flooding that started in your apartment damages the ceiling of your downstairs neighbor or the tree that is growing on your property falls on a neighbor's car, we will cover the damages caused to these neighbors and compensate to you the necessary legal assistance and court expenses.

Additionally, you can insure the liability of all your family members.

You can choose the extent of the insurance cover: is it valid in Estonia, European Union or whole world. This insurance will help you if for example you child rides his bike against another person's car or if you accidentally break something in a shop. We will also help you to cover the legal assistance costs related to claim for indemnity.
